Justice

"If you want God to hear your prayers, hear the voice of the poor. If you wish God to anticipate your wants, provide those of the needy without waiting for them to ask you. Especially anticipate the needs of those who are ashamed to beg. To make them ask for alms is to make them buy it."

I baptize you in the name of the Father and of the Son and of the Holy Spirit

Lord Jesus, we lift these people on our weekly prayer list up to you: You are the healer of the sick, who raised the dead to life. We praise you for the faith you give us to keep on hoping and praying for those who are ill. Listen to the silent tears of those who weep within as they yearn to see their loved ones made whole again. Your healing was the center of your earthly message. May we continue to pray for those who are sick, and may your inner peace come to us all. Amen. Health Ministry - Helping others...

There are all kinds of workouts – and we all need to workout – it does a mind and body good! With the mercury going up, sweating it out at the gym or outdoors

doesn't seem so appealing anymore, does it? How about you take your exercise routine under water? Gather up your friends and sign up for an aqua aerobics class or go on your own for your own personal workout. Aqua aerobics is for people of all ages, sizes, and limitations. The benefits are unbelievable. Even if you just go for a walk in the pool – the benefit is much greater than walking outside. Don't knock 'til you try it! Here's how it will help you stay in shape:

Burns calories

Aqua aerobics is a mix of strength and cardio workouts which is done in the face of water resistance. This ensures the body gets a full workout. Keeping in mind factors like cardio activity, weight, water temperature, volume and buoyancy, you can burn between 400 and 500 calories per hour of exercise.

Increases muscle strength

Because water flows in multiple directions, the resistance in the pool can range from four to 42 times greater than air. Therefore, the muscles get a rigid workout. According to a 2007 study, 12 weeks of regular aqua aerobics exercise gives you significant gains in strength, flexibility and agility.

Builds endurance

Water offers a natural resistance, unlike weights which require the body to pull and push against the weight plus gravity. Water needs the body to strain through the water and against it, building endurance.

Reduces joint pressure

Aqua aerobics relieve pressure placed on joints from normal wear and tear and arthritis. Hydrotherapy is recommended by doctors to those suffering from joint problems.

Increases flexibility

Aqua aerobics requires movements in various directions while adjusting to the push and pull of water, hence the joints increase their range of motion. In the process, the body becomes more flexible.

East Central University and Chickasaw Nation both offer health memberships to have access to their pools. Try it this week and let me know how you feel.

My door is open, or I am just a phone call away if you would like to visit more on any of your healthcare needs, needs of our community or share a laugh and a smile 😊

SMORGASBORD 2019

Dear Parish Family,

It's time for our 70th ANNUAL SMORGASBORD. The date is Sunday, November 10, 2019. This yearly event is well known to all of Ada, and beyond, primarily because of the hard work and gracious hospitality of everyone involved. For our new parishioners this event may be quite an experience. The Smorgasbord is more than just a fundraiser; it is the parish's way of reaching out to the Ada Community and an opportunity to work together in a spirit of love, service and fellowship. We want and need all of you to be involved!

The ways we need your participation are: **servicing** on one of the committees; **making** your monetary FOOD donation in a timely manner; **donating** items to the St. Joseph Bazaar; **selling** dinner and raffle tickets; and **working** the day of the dinner.

In the upcoming weeks Committee Chairpersons will start making pleas at mass or make phone calls to solicit help for their Smorgasbord assignment, please say YES. If you want to help and do not want to wait to be asked please call the Parish Office.

To get the SMORGASBORD fun started - Mixing and rolling of the Meatballs will happen in the next few weeks – watch the bulletin and listen at mass for the dates and time. We need you!

Thank you for your dedication and effort to make this a successful 70th SMORGASBORD!
